BATTLE DAY

California State Parks and the San Pasqual Battlefield Volunteer Association proudly present Battle Day in the Park. The event itself focuses on the interpretation and the commemoration of the Battle of Pasqual; the bloodiest battle fought in California during the U.S. - Mexican War which eventually led to California attaining statehood in 1850. Battle Day is a rare opportunity to witness a Battle Re-Enactment that actually occurred on the ground that it was fought on over 150 years ago.

Along with two Battle Re-enactments, other activities include: craft demonstrations, period music & dancing, children's activities, and a military & mountain man encampment.

**We would like you to invite as many visitors as possible to enjoy
the day's historic activities and demonstrations.**
